

Dear Phyllis,

I really enjoyed your coming to our house and I am really miss you for it was really nice to be able to know you.

I know that I am a complete stranger to you, but I feel as though you are part of the family.

I would like you to know that the house is always your home.

I hope that we shall meet again and that when you have a home in Zimbabwe you will sent me your address. I hope that I shall see your day daughter one day.

Send her my love

lots
of
love

Lipette

Please turn over

P.S. I hope that one day I will become a freedom fighter and fight for the liberation of your country, your people, I am thinking of getting a South African passport to become a S. African citizen.

I can promise you that I swear that when I can I will do all I can as a human to bring the colonists to justice and Our people to freedom.

I will try my best to let you go once more to your flat with your trees you love, your people. I am not afraid of death for I want to fight till the end of my days.

Young I may be I love freedom and will always do the best to give South Africa its freedom.
