Dearest Phyllis,

unfortunately the time is too short  
to finish "it" before you leave us.

But we start immediately so that  
"it" will be sent to you as soon as  
we know your address. With "it"  
you will survive the cold British  
Winter and you will remember us  
as long (at least) as "it" lasts.

Still, we hope you come back soon  
and you can stay in your beloved  
country with all your comrades who  
are with you in your just struggle.

We will not forget you.

All our love to you

Jeanette + Helga

Now, guess what "it" is?
