

really not difficult to imagine how the holocaust could
have taken place.

What most amazes me each day is how
joy, sorrow, honor all exist at the same moment
in some corner of the world and the human soul.

The period when you missed my letters
was when I sent them of Reimers as you suggested.
Did you receive those two?

I am sending on to you a photo
of little Lila Marchese that Larry and Michelle
sent recently. Isn't she adorable? That was a long
time ago she rushed to Roma to deliver!

Do take care and write often. I miss
you very much and never stop marvelling at your
survival. I know it is for us all.

Love,
Rhonda
