Dear Phyllis,

I have sent you a letter to Phyllis
Altman to forward to you. (D & A)

Spring has come to Marondera & everything feels
very good. Come to stay with us when
you have rested & done what you have to do
in England. Please think of settling
here while Herbert is still in a position to
help you. Your services in a ~~SA~~ Legal Aid
Capacity are badly required.

This Country is the place ^{from} where the battle
for SA will be finally fought. We have
been very worried about you. Drapa
p/c giving your address on receipt here.
Geetha will be happy to have you - we
have a big house & so can you make
a fine place for your family in a wonderful
African Environment

Love Robin
