

P.S.

Dec. 28 AND A
SECOND
ONE
today
Mon

And now just a P.S. to let
you ^{know} your letter of Dec. 10
arrived yesterday. - The horror was
brought home to us ... dispelling
the "dream like" state of not
wanting to believe, of not knowing.
The "vigilante" letter dropped out
with the photos - & suddenly reality
overwhelmed the other Christmas cards
scattered on the table. What is the
vigilante group - purely internal -
were you the recipient of the letter?
(+ our administrator friend?)
All so horrifying - your letter so
vivid, so painful - we wept -
Your rep here requested the photos
& a copy of the letter - She shall
have them - through the pain
remember our love & support -
