

And here I am in the holding
lounge No 4 of Kusaka, watching
the top end of the elevator heave
under the Otis mark en Route
to Harae - where hopefully Robin
awaits me, leaving behind Jack
looking for my account of the message
hopefully he can find it - or if
Gwen has it - she returns it
It's hot in this lounge - I hope Jack
has a good dinner.

An attendant at the airport in white
shirt & suitable tags I'm sure buttons
his shirt as he is elevated & goes
into the pub - drinking on duty - I hope
not -

On the ~~Sunday~~ Saturday went to the
open market & got my beads
from the old girl - a crook & my
mother - Go to the office to check the
post - & then go down & buy a
shoe for men worn only by
white women - & find the lady that
goes to dressmaking classes.

Go back to the market, papers &
return home - Lunch alone.

Sunday go to Pete & Liz - Have coffee
while they breakfast on Kippers & eggs
in their lovely garden with their
Munro present given to Iona & Werner
next door in blossom.
