Dear Phyl,

Many thanks for your post card, the contents which were very moving.

I think that we should all meet up in Herberts country. After leaving you we drove up to Bulka Buthe and Caledonport Border Gate. We spent a pleasant afternoon with Dr Dick (Thabo) Hoohe and a Johannesburg friend of his whom both you and I know from Durban student days called Horace.

I shall send you photos when they are developed. Dick bought Dr Van Ameringen's share of the practice and is doing very well financially.

I have a scheme for settling down over there and suggest you also consider the same. An enclave such as yours cannot be a permanent abode.

Love

Phyl
