My dear Alison and Mike,

Thank you so much Alison for keeping me informed of Mike and for the reproduction of the undated e-mail (Is that right) which reached me today.

Looks like Mike is here. If you are, welcome. I had a letter from Sister Julian telling me you were to be in Lesotho to celebrate something that bears your name. You guys really flatter yourselves.

So happy that you are restored to good health. Thats the only thing you really have, so take care. Why do you have to return in January?

Who told you they could not delve further into cross border activity. Ive asked about the bomb, Sahdhan's assassination, questions on the raid 9/12/82 - Nobody has said a thing to me.

Please look after Mike Alison and Mike take care.

Lots of love,

Phyllis Naidoo
