

Hi Phyllis,

Thank you for taking care of Bud. He said he walked you all over Durban! The sandals are great. I was glad to hear you are now well... or lots better. Travel, 'ya know, can help you write! Come! Bud had a long talk with Monroe, sharing all. We all share with you now, remembering all the fun & warmth of Durban. He contributed so much to the energy & policies now forming a new S. Africa! We hold you tight. Love, Carol
