

Dear Phyllis

POSTCARD

Real healing is taking place here. Soul restoration. On a more external plain, the contrast between Mission Life (we are a mission, it seems) at the Lesotho Sun and the Teyet Population (see over) extreme. & finally moved out of the Sun to Lancers. They bought my time, not my soul. Interesting to see the changes in Maseru & feel the changes in Lesotho; Definitely post-Apartheid. A meeting at Jan Smuts was an experience. No possibility of a trip to Durban - I won't even get to Mt. Tsito. In about 10 days I'll have to go to Rome. Love Kate
