Subject: Message from David through Ana Luisa

Dear Phyllis,

First of all greetings and kisses for you.
David called me up and told me to write this brief message for you because he doesn't have access to the net for the time being.
They both arrived OK though missing you all, specially you.
That everyone is very happy with the gifts you sent and thank you very much.
He will contact you tomorrow from the Center and tell you the whole story of their return.
David told me you were very kind and that they spent the most beautiful and joyful days with you.
Best wishes to you and a big big kiss

ANA

PS. You can reply to this message today if you want I do have access to the net at home so David will receive it today
