

## TEACHERS AND STUDENTS UNITE !!!

In this time when UNITY and SOLIDARITY are the most important aims of Black people, we the S.S.R.C. congratulate the teachers of Soweto on their brave act in resigning.

We call on the whole community to support the teachers, for they have made many sacrifices:

- . they have families to support
- . they can no longer teach because the State will prevent them
- . the State, which was their employer, will not sign off their passes
- . they might stay unemployed or be sent back to the 'homelands'

We the students will do all we can to help them and their families!

UNITED WE STAND : DIVIDED WE FALL !!!

### WE WANT REAL EDUCATION !

REAL EDUCATION teaches people to live together and work together for the good of the community. REAL EDUCATION means commitment to the good of the community - commitment to the progress and development of all the people of Azania.

- . REAL EDUCATION is not Bantu Education
- . REAL EDUCATION is not State Schools
- . REAL EDUCATION is not Community Schools so long as there is B.E.D.

We the students of Soweto want REAL EDUCATION which will serve OUR interests, not Bantu Education!

Students and teachers have faced police batons and dogs - the action of more than one third of Soweto's Secondary School Teachers in resigning is a great step forward in our struggle to scrap B.E.D.!!!

We call upon all parents of Azania to show UNITY and SOLIDARITY with the teachers and students of Azania!!!

AMANDLA AWETHU!!!!!!!
