Dear Mr Van Zijl

### GLENMORE PENSIONS

Here are six pension problems outlined. As we understand it, you plan to forward them to the Alice magistrate and follow up by arranging for a Fort Beaufort lawyer to call on him after a few weeks for his response.

We have warned the people that this may take a while longer than originally planned because of the Christmas break. We will pass on any messages to them, either through our own group or through the Grahamstown Rural Committee. They are due to contact us again on Thursday 12 December, and we will try to find out before then when you think it is realistic for them to get news of their pension cases.

Our very grateful thanks to you for your assistance.

Sincerely

*Priscilla Hall*
