

**THE DAYS SHALL COME.**

The days shall come  
 The days of harmony and peace  
 When we will behaving to S.A.  
 But Azania.

Azania that loved its people  
 Its people who had dignity  
 People who had culture  
 People who had freedom.  
 Freedom of movement and speech.

But Azania was forced to hate  
 By this white Devil  
 The which we are being told of in its Bible.

It came all the way from Europe  
 Only to find some people to oppress and exploit  
 But the days shall come  
 And they must come  
 Whether the bis white pigs pigs.  
 Vorter and Kruger like it or not  
 The days of harmony and peace  
 Whe we will be having Azania.
